

## The company

**Climate Bridge** is an international company devoted to reducing greenhouse gas emissions through the carbon markets. We develop, finance, and purchase carbon from projects from around the world.

Climate Bridge has attracted a team of dedicated employees from leading organizations around the world to lead the carbon industry. We are entrepreneurial, friendly, and work hard towards our shared goal of reducing greenhouse gas emissions. Please see [www.climatebridge.com](http://www.climatebridge.com) for more details.

We have over 50 professionals at our locations in **China** (Shanghai & Beijing), the **United Kingdom** (London), **Germany** (Munich) and **Australia** (Melbourne) and we are focused on continually developing new ways to reduce emissions through both the compliance and voluntary carbon markets.

Our projects to date include wind, hydro, energy efficiency, waste heat recovery, animal methane, landfill gas and coal mine methane emission reductions, and ultra-super critical power generation.

## Carbon Analyst Intern –Shanghai, China

### Your role

- Supporting the validation and verification process for CDM project development, through the overall registration and issuance cycle;
- Clarifying and verifying the data, materials and documents provided by the project owners;
- Assisting Project Manager to prepare all carbon documentation including the Project Design Document (PDD), Monitoring Plan (MR) and supporting documents;
- Helping to analyse the portfolio progress and issues.

### Your skills

- Degree in engineering, environmental sciences or equivalent scientific disciplines;
- Strong analytical, problem solving and communication skills; strong business sense;
- Capable of multi-tasking and coping under pressure in a dynamic working environment;
- High attention to detail;
- Excellence in English technical writing;
- Full time work during the internship period is preferred.

To apply, send your CV, cover letter and professional qualifications to [employment@climatebridge.com](mailto:employment@climatebridge.com). Please state your salary expectations, and your preferred start date (earlier start dates are preferred).
